Standing for Hampstead and Highgate

I'm Patrick Stillman, local campaigner, compliance professional, Chair of Camden Liberal Democrats, and a proud Hampstead and Highgate resident.

Through my leadership in Camden and in my career in financial crime compliance, I've shown my commitment to **accountability, transparency, and justice**. Values that have never mattered more in politics.

Our team have worked hard this year to bring people together and grow our reach. I'm proud of what we've achieved so far. **I love this community, I love the Lib Dems, and I'm already working to improve our chances**. Help me to take the next step by electing me to stand as your Prospective Parliamentary Candidate.

Proven Local Leadership

I've built belief in our mission here in Camden, I'm leading from the front on canvassing and growing our team to one that is capable of switching this seat gold.

This year, we've doubled the number of doors we've knocked on, and pushed our campaigning into more areas of Camden ahead of the May 2026 Election.

I set up a fundraising committee with an ambitious target of £20k in its first year to prepare us for success in our 2026 Council Elections and our 2029 General Election.

Embedded in the Community

On Crime: I've brought residents' concerns directly from the doorstep to the West Hampstead Safer Neighbourhood Panel, leading to real change on our streets with an increase in active police patrols by our stations at peak times.

On Education: I'm passionate about improving opportunities for young people, serving as a governor at a three-school foundation in Camden.

On Climate: I'm helping shape Camden Council's Climate Action plan for 2026-30, where I acted as our community voice at their Climate Action Day back in April.

Integrity in the Fight Against Corruption

My career in financial crime compliance is built on holding powerful institutions to account, I've worked directly with banks to ensure strong financial controls.

I've worked on investigations involving complex ownership structures, and led reviews of anti-bribery and corruption controls at wealth management firms.

In the wake of recent political scandal, I offer real-world experience, professionalism, and principle. I'll bring that same fight for justice to Parliament.

A Bold, Liberal Voice for Hampstead and Highgate

I'll be a champion for housing, climate action, civil liberties, cleaner politics and **rebuilding our relationship with Europe**. Offering the future-focused, liberal alternative that Hampstead & Highgate deserves.

This constituency is young, pro-European, and progressive, but **many feel politically excluded and economically insecure**. As a young professional and long-time renter, I understand those pressures firsthand.

Making Financial Systems Work for People

Too many residents are locked out of basic services as **bank branches and post offices close**, and financial systems go digital-only. I want to make it easier for people to access what they need.

In Parliament, I'll campaign for:

- Protecting in-person services
- Cracking down on exploitative practices
- True financial inclusion

A Golden Opportunity

"This is our moment in Hampstead and Highgate. We have the energy, the values, and the local leadership to win. With the right campaign, the right message, and the right candidate, we can offer a clean, credible alternative to Labour, and deliver the bold, liberal voice our community deserves."

"I'm ensuring our campaign team is ready, and I'm working closely with HQ in case of a by-election and for the long term. Now I'm asking for your support, to offer me the chance to lead this campaign, here in the wonderful Hampstead & Highgate."
